

Office 365 goes where you go.

As a student of Cypress-Fairbanks ISD, you can now download Office 365 for home use and access it on-the-go on your mobile devices for *FREE. It can be installed on up to 5 personal devices, such as a PC, MAC, tablet, or smartphone. You cannot perform the Office 365 installation on any CFISD computer or device. It is intended for home use only.

*Installation remains active as long as you are a student of Cypress-Fairbanks ISD.

subscription covers multiple devices and platforms

On the computer, you desire to install Office:

1. Open a web browser.
2. Navigate to <https://login.microsoftonline.com>.
3. Enter your CFISD Microsoft/Google username to login (i.e. ssto0123@stu.cfisd.net).
4. Enter your CFISD password.
5. In the upper right corner, click .
6. Follow the prompts. (Note: Installation could take up to 30 minutes.)

Here's what you will get with your **Windows PC** installation.

Here's what you will get with your **MAC** installation.

Currently, students do not have an active email account for Microsoft Outlook or Google Gmail. Students do have access to other Microsoft and Google applications with their CFISD Microsoft/Google ID. Students who do not know their ID may request assistance from their campus librarian.

If you encounter issues during the installation process, please contact the CFISD CCC at (281) 897-4357.
